mitrais

Mitrais is a leading international IT company.

In Indonesia we have offices in Bali, Jakarta and Bandung.

If you are energetic, committed, and confident and in need of a new experience working away from the hustle and bustle of a big city, we invite you to join our team of more than 250 software engineers to work in a challenging and highly advanced software engineering environment located in Kuta and Sanur, Bali.

We are inviting Fresh Graduates with relevant degree (Bachelor/S1) in IT to join us as Junior Programmers. A formal Induction Program will be provided. We also grant relocation allowances including airfare for employees recruited outside Bali. All promotions are based on merit following our Competency System.

We encourage you to apply, should you meet the following requirements: minimum GPA of 2.8, intermediate level of English proficiency.

Needs : 20 Junior Programmers

General Conditions for the position:

1. Competitive Salary.
2. All promotions are based on merit and are based on our Competency System.
3. Opportunity for travel to client sites in Indonesia and overseas.
4. Attractive Relocation Allowance to Bali as well as Annual Return Airfares will be provided.
5. Opportunity for relocation to Bandung office after 1 year of service.
6. The Programmer Certification Program course will start in **Bali** on 18th **November 2013**.

Your application of interest to join the intake should be submitted to our online recruitment systems at www.careers.mitrais.com and apply for the Fresh Graduate position.

Recruitment Schedule:

Cities	Closing Date of Application	Programming Test (via email)	Technical & English Test	Interview
Bali	23 Sept 2013	24 Sept 2013	5 Oct 2013	16 Oct 2013
Yogyakarta	23 Sept 2013	24 Sept 2013	5 Oct 2013	17-18 Oct 2013
Surabaya	23 Sept 2013	30 Sept 2013	19 Oct 2013	19-20 Oct 2013
Bandung	23 Sept 2013	30 Sept 2013	19 Oct 2013	21-23 Oct 2013

Shortlisted candidates will be contacted by phone/email and will receive recruitment process information and programming test guidelines via email. Successful candidates will be invited for additional tests and interview either in our offices or venue.

Standard Chartered Bank

Standard Chartered Bank berambisi untuk menjadi bank internasional terbaik di dunia. Dengan dukungan lebih dari 75.000 karyawan, kami memiliki posisi solid untuk mencapai pertumbuhan melalui berbagai kesempatan di berbagai pasar terbaik dan penuh keragaman di dunia.

1. Consumer Bank Fast Track Programme

We're at the frontline helping our customers through some of life's most important phases, while continually shaping the way banking is carried out tomorrow. The 12-18 month Consumer Bank Fast Track Programme is an accelerated programme that aims to nurture your capabilities towards a career as a world-class banker. You'll develop the skills and knowledge required to be the face of Standard Chartered, enabling you to build strong relationships with our customers to grow their wealth and meet their banking needs.

Programme structure : You can choose to complete the Consumer Bank Fast Track Programme in one of two programme streams:

- The Relationship Management (RM) stream, which is geared towards your development into a world-class Relationship Manager.
- The Generalist stream, where you will gain broad generalist capabilities and a well-rounded development experience across our Consumer Bank functions.

The broad timeframe ensures you have the flexibility to explore the different career paths that are available through the programme, while allowing you to develop at your own pace and in line with our business needs.

2. Consumer Banking International Graduate Programme

To become a great leader in an emerging market, you must grow and develop yourself faster than your country is growing. The Consumer Bank International Graduate Programme is a generalist programme where you can develop experience and exposure across the bank. From Lending, to Credit, to High Net Worth or SME banking, we encourage you to challenge and stretch yourself. Ultimately, this programme will lead to a leadership role within the Bank. Whether it's leading a team, running a budget or delivering transformational change for our customers, we'll expect you to make a real difference to our business.

Programme structure : The programme is designed to prepare you for a challenging role as a future leader, while enabling you to take sensible risks, and explore the different paths that will enable you to shine.

Over the course of 18 months, you can expect to take part in:

- The International Induction Programme (IIP) and an academic programme, which together lay the foundation for your future success.
- Role rotations in different business areas providing a thorough understanding of how our Consumer Bank works and where your strengths are best suited.
- A regional Action Learning Programme where you will collaborate with other graduates to develop and implement a project that has a material benefit to our business.
- Extensive formal and informal learning opportunities that will equip you with the specialist skills and knowledge you need to excel as a banker and future leader.

3. Specialist Functions Management Trainee Programme

Finance, Group Technology & Operations (GTO) and Risk are specialist functions. They are at the heart of the risk management, operational effectiveness, financial management and control

architecture of Standard Chartered. They maintain strong partnerships with the business and frontline teams, whilst ensuring alignment with the Bank's strategic intent. The leading role they play in these areas has been a key factor in the success of the Bank. The Indonesia Specialist Functions Management Trainee Programme is a 24 month programme designed to equip you with the fundamentals to accelerate your career and attain a leadership position within one of our Specialist Functions, Finance, GTO or Risk

Requirement:

- Undergraduate or post graduate qualification in any discipline, though related disciplines are preferred (e.g. Business, Economics, Engineering, Finance or Computer Science)
- Legal to work in Indonesia
- No more than two year's work experience
- Fluency in English; second language is considered beneficial

4. Wholesale Bank International Graduate Programme

The Wholesale Bank International Graduate Programme is the platform for you to hone your technical knowledge and become an expert in your chosen area. The 12 month Wholesale Bank International Graduate Programme is designed to focus your development and accelerate your growth towards a specialist role in a key area of our business.

During the programme you will:

- Gain broad banking knowledge and relevant specialist depth in a key business area aligned to your career preferences and strengths.
- Benefit from extensive exposure to our international business and network through regular interactions with cross-border teams.
- Take on roles and participate in actual projects that impact how we serve our clients and potentially shape the future of global growth.
- Undergo a structured skills and knowledge development programme where we will work with you to explore and develop your capabilities.

Programme streams : You can choose to complete the Wholesale Bank International Graduate Programme in one of three programme streams:

1. Coverage & Corporate Finance
2. Financial Markets
3. Transaction Banking

Programme structure : In addition to completing role rotations relevant to your programme stream, you will:

- Join the International Induction Programme (IIP) and an academic programme, which together set you up for future success.
- Take part in extensive formal and informal learning opportunities to equip you with the skills and knowledge you need to carve out a amazing career in our Wholesale Bank.
- Be deployed to a real role at the end of the 12 month programme, immediately putting into practice what you've learnt.

Entry requirements

- An undergraduate degree, any discipline
- The legal right to work in the country for which you are applying
- Fluency in English; a second language is considered beneficial
